

0920 - Technical Data Sheet

General Product Information

Product Number	0920
Common Name	Bitusol Delta 100606
Application	Industrial Cleaner / Degreaser

Description

This product is a heavy duty citrus based solvent degreaser for cleaning bitumen off of shop floors, heavy equipment, and parts. This unique blend of surfactants and terpene solvents is widely used in the oil industry for the removal of crude oil, bitumen and other soils from pumps, process equipment, gauges and service equipment.

Directions

Apply product to surface by low pressure pump sprayer, brush, or mop. Let stand for 3 - 5 minutes. It is recommended that the surface then be rinsed with a high pressure washer or hot steam pressure system. Use in well ventilated areas.

Packaging Availability

This product is available in the following packaging options:

- 20 L
- 205 L

Physical Properties

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	Citrus
Color	Yellow
Specific Gravity	0.86 ± 0.02
pH	7.0 ± 0.5

Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	NIOSH approved
Eyewear	Chemical goggles or safety glasses required.
Footwear	Rubber boots required.
Clothing	Impermeable coveralls required.
Other	Eye-wash station and shower required.

General first-aid and emergency measures

In case of inhalation

Remove victim to fresh air. If breathing is difficult, oxygen may be beneficial if administered by trained personnel. Immediately transport victim to an emergency care facility.

In case of Ingestion

DO NOT INDUCE VOMITING. Have victim drink large amounts of water. Seek immediate medical attention.

In case of contact with skin

In case of contact with skin, remove contaminated clothing and flush with plenty of running water. If irritation persists, seek medical attention.

In case of contact with eyes

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.

General handling procedures and storage requirements

Handling procedures

Use care and proper equipment when handling this product. All equipment should be properly grounded.

Storage Requirements

Store in a well ventilated area. Keep away from all sources of ignition. Keep container tightly closed when not in use. Protect from damage.

Preparation of TDS
