

# 0970 - Technical Data Sheet

## General Product Information

Product Number	0970
Common Name	Breaker 200
Application	Oil and Gas

### Description

This product is a ready to use emulsion breaker that will induce water drop.

### Directions

Add product to the system at 7500 ppm. Heat and agitate.

## Packaging Availability

This product is available in the following packaging options:

*No packaging options are available.*

## Physical Properties

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	Aromatic
Color	Amber
Specific Gravity	0.92 ± 0.02
pH	7.0 ± 0.5

## Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

### Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	NIOSH approved for ammonia if exposure exceeds occupational exposure limits.
Eyewear	Chemical goggles or face shield required.
Footwear	Rubber boots required.
Clothing	Impermeable coveralls required.
Other	Eye-wash station required.

### General first-aid and emergency measures

#### In case of inhalation

Remove victim to fresh air. If breathing is difficult, oxygen may be beneficial if administered by trained personnel. Immediately transport victim to an emergency care facility.

#### In case of Ingestion

DO NOT INDUCE VOMITING. If vomiting occurs, lean victim forward to prevent aspiration of the vomitus. Give a cup of water to dilute chemical in stomach. Seek immediate medical attention.

#### In case of contact with skin

Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing and shoes before reuse.

#### In case of contact with eyes

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.

### General handling procedures and storage requirements

#### Handling procedures

Use explosion-proof electrical equipment when transferring. Ensure proper electrical grounding procedures are in place.

#### Storage Requirements

Store in a cool, dry area above freezing and away from incompatibles. Keep container tightly closed when not in use. Protect from damage.

## Preparation of TDS
