

0919 - Technical Data Sheet

General Product Information

Product Number	0919
Common Name	De-Icing Fluid
Application	Oil and Gas

Description

This special blend of alcohols acts as a de-icing fluid that quickly clears frozen transmission lines. This product also absorbs extraneous water vapour to help prevent subsequent freezing.

Directions

Add this product to system until flow resumes.

Packaging Availability

This product is available in the following packaging options:

- 20 L
- 205 L

Physical Properties

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	Alcohol
Color	Colourless
Specific Gravity	0.88 ± 0.02
pH	7.0 ± 0.5

Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	NIOSH approved
Eyewear	Chemical goggles or face shield required.
Footwear	Rubber boots required.
Clothing	Impermeable coveralls required.
Other	Eye-wash station and shower required.

General first-aid and emergency measures

In case of inhalation

Remove victim to fresh air. If breathing is difficult, oxygen may be beneficial if administered by trained personnel. Immediately transport victim to an emergency care facility.

In case of Ingestion

Induce vomiting immediately as directed by medical personel. Get medical attention immediately.

In case of contact with skin

In case of contact with skin, remove contaminated clothing and flush with plenty of running water. If irritation persists, seek medical attention.

In case of contact with eyes

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.

General handling procedures and storage requirements

Handling procedures

Do not ingest. Avoid skin and eye contact.

Storage Requirements

Store in a well ventilated area. Keep away from all sources of ignition. Keep container tightly closed when not in use. Protect from damage.

Preparation of TDS
