

0917 - Technical Data Sheet

General Product Information

Product Number	0917
Common Name	Fin Fan Cleaner
Application	Degreaser / Cleaner

Description

This concentrated water soluble detergent is designed for cleaning radiator fins and fans. It integrates a unique combination of powerful surfactants and builders which allow it to quickly penetrate grease and oil. This product is high foaming and, when used through a foam generator, it will produce rich, dense foam. The rich foam enhances the contact time of the product with the surface. This product is pH buffered and is safe for use on all types of metals including soft metals such as aluminum.

Directions

For heavy-duty application, dilute 1 part product to 4 parts water (250 mL to 1 L). Spray or wipe onto surface. Rinse completely with water. For general cleaning, dilute 1 part product to 10 parts water (100 mL to 1 L). Spray or wipe onto surface. Rinse completely with water. For pressure washing, dilute 1 part product to 75 parts water (15 mL to 1 L).

Packaging Availability

This product is available in the following packaging options:

- 20 L
- 205 L

Physical Properties

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	Aromatic
Color	Red
Specific Gravity	1.04 ± 0.02
pH	12.0 ± 0.5

Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	Not required for normal use.
Eyewear	Chemical goggles or safety glasses required.
Footwear	Specialty footwear not required.
Clothing	Impermeable coveralls required.
Other	n.ap.

General first-aid and emergency measures

In case of inhalation

Remove victim from exposure and allow fresh air. If discomfort results, seek medical attention.

In case of Ingestion

DO NOT INDUCE VOMITING. Have victim drink large amounts of water or milk to dilute chemical. If victim is not breathing, perform mouth to mouth resuscitation. Seek immediate medical attention.

In case of contact with skin

In case of contact with skin, remove contaminated clothing. Wash skin thoroughly with soap and water. If irritation persists, seek medical attention.

In case of contact with eyes

In case of contact with eyes, flush eyes with plenty of water for at least 15 minutes while holding eye lids open. If irritation persists, seek medical attention.

General handling procedures and storage requirements

Handling procedures

Wear and use appropriate equipment when handling this material in large quantities.

Storage Requirements

Store in a cool, dry area above freezing and away from incompatibles. Keep container tightly closed when not in use. Protect from damage.

Preparation of TDS
