

FOAMTEK

Product # 0310

Technical Data Sheet

Application: Foam Brush Detergent

Description

This extremely concentrated, high-foaming liquid is designed to produce rich dense foam in foam brush applications for self serve car washes. The cherry scented foam offers an excellent show for customers that rinses off easily.

Directions

This product may be applied manually using a foam brush at a concentration of 1 part product to 20 parts water.

Personal Protective Equipment Required

If handling directly

- Splash-proof safety glasses

General First Aid Information

• Inhalation

Remove victim to fresh air. Allow rest in a well ventilated area. Seek immediate medical attention.

• Ingestion

Induce vomiting. Give victim large amounts of water or milk. Seek medical attention.

• Skin Contact

In case of contact with skin, remove contaminated clothing. Wash skin thoroughly with soap and water. If irritation persists, seek medical attention.

• Eye Contact

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.
