

0924 - Technical Data Sheet

General Product Information

Product Number	0924
Common Name	Polyfloc
Application	Flocculant

Description

This organic polymer is to be used in conjunction with a ferric sulfate flocculant. It will aid in the flocculation process.

Directions

Sprinkle a small amount of powder on the surface of the sump water.

Packaging Availability

This product is available in the following packaging options:

No packaging options are available.

Physical Properties

For an extensive list of physical properties, refer to the MSDS.

State	Powder
Odour	Odourless
Color	White
Specific Gravity	0.75 ± 0.02
pH	4.0 ± 0.5

Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	Not required for normal use.
Eyewear	Chemical goggles or safety glasses required.
Footwear	Specialty footwear not required.
Clothing	Specialty clothing not required.
Other	Eye-wash station and shower required.

General first-aid and emergency measures

In case of inhalation

Remove victim from exposure and allow fresh air. If discomfort results, seek medical attention.

In case of Ingestion

DO NOT INDUCE VOMITING. Have victim drink large amounts of water. Seek medical attention.

In case of contact with skin

Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing and shoes before reuse.

In case of contact with eyes

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.

General handling procedures and storage requirements

Handling procedures

Do not ingest. Avoid skin and eye contact.

Storage Requirements

Store in a cool, dry area above freezing and away from incompatibles. Keep container tightly closed when not in use. Protect from damage.

Preparation of TDS
