

0998 - Technical Data Sheet

General Product Information			
Product Number	0998		
Common Name	SSD 998		
Application	Sludge and Silt Dispersant		

Description

This silt and sludge dispersant is designed to convert dense sludge and silt deposits into light non-adherent agglomerates that permit easy dispersion. Foaming agents aid in the unloading of natural gas wells where water build-up reduces production.

Directions

This product can be added at the well head and directly injected into the flow lines at required rates based on fluid volumes and severity of problem.

Packaging Availability

This product is available in the following packaging options:

• 20 L • 205 L

Phy	sical	Properties

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	Odourless
Color	Colourless
Specific Gravity	1.05 ± 0.02
pН	n.av.

Cautionary Measures

For an extensive list of precautionary measures and emergency procedures, refer to the MSDS.

Personal protective equipment recommended for handling and use

Gloves	Impermeable gloves required.
Respirator	NIOSH approved, when misted
Eyewear	Chemical goggles or face shield required.
Footwear	Regular safety boots required.
Clothing	Specialty clothing not required.
Other	Eye-wash station and shower required.

General first-aid and emergency measures

In case of inhalation

Remove victim to fresh air. Allow rest in a well ventilated area. Seek immediate medical attention.

In case of Ingestion

DO NOT INDUCE VOMITING. If large quantities are ingested, perform gastric lavage and administer activated charcoal. Never give anything by mouth if victim loses consciousness or is convulsing.

In case of contact with skin

Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing and shoes before reuse.

In case of contact with eyes

In case of contact with eyes, check for and remove contact lenses. Immediately flush with cold running water for at least 15 minutes. Seek medical attention immediately.

General handling procedures and storage requirements

Handling procedures

Do not ingest. Avoid skin and eye contact.

Storage Requirements

Store in a cool, dry area above freezing and away from incompatibles. Keep container tightly closed when not in use. Protect from damage.
